Introducción

El presente catálogo fue realizado en el marco del plan de mejoras de la Dirección de Investigación, con el fin de proporcionar una herramienta a los investigadores e investigadoras UCM, que permita la búsqueda eficiente de revistas indizadas Web of Science (WoS) en las cuales publicar sus artículos científicos.

Este catálogo incluye las revistas indizadas 2023 (considerando: Science citation index expanded, Social science citation index y Arts and humanities citatión index), agrupadas por las categorías asignadas en WoS para cada revista, e indicando para cada una de ellas su ISSN, factor de impacto y cuartil para dicho año.

Las categorías se encuentran en orden alfabético y las revistas en cada categoría se presentan en orden decreciente considerando el factor de impacto. En caso de las categorías en que existen revistas que no cuentan con información registrada relacionada a su factor de impacto y/o cuartil, esto se identifica con la simbología **"N/A"**.

La base de datos utilizada para la elaboración de este documento corresponde a Journal Citation Report consultada durante el mes de junio de 2024.
